

NEWS OF THE NEIGHBORS

DAVENPORT

Smokestack is Struck.—Lightning struck the tall smokestack at pumping station No. 2, the Davenport Water company's reservoir on Fourteenth and Ripley streets, during the storm Tuesday night. A great quantity of bricks was knocked off which, in their fall, badly injured the slate roof of the reservoir building.

Shipping Onions.—Several car loads of onions are leaving the fields in the neighborhood of Pleasant Valley every day, nowadays. The average yield is 450 to 650 bushels to the acre. Frank Schutter attacked the records the other day with a yield of 650 bushels of early onions on half an acre.

Sues for Infringement.—L. A. Beaver, through Attorney Isaac Petersberg, has started suit against Ernest E. Bruhn and Margaret Bruhn, and also asks an injunction, prohibiting them from using the name "Blue Ribbon" in the manufacture and sale of ice cream cones. In his petition Mr. Beaver states the name "Blue Ribbon" is his trade mark in the manufacture of cereal products and ice cream cones and that as such it is being infringed upon by the defendants. Mr. Beaver claims by reason of the alleged infringement, he has been damaged in the sum of \$5,000.

Will Not Accept Wooden Bridge.—At Tuesday's meeting of the board of supervisors, a communication was read from C. F. Lowth, engineer and superintendent of bridges of the Milwaukee road, announcing their intention of constructing a pile bridge on Elm street near the Oryana's house. County Auditor Ed Collins was instructed by the board to notify the railroad company that such a bridge would

not be satisfactory to the county and would not be accepted. The supervisors demand a steel bridge with concrete abutments. It is also required that the bridge be not less than 20 feet wide.

No Blame for Death.—Frank Schuep came to his death by "being run over by engine drawing train No. 5, of the C. & M. & St. P. railroad in Davenport, Iowa at Main street crossing on date of Aug. 3, 1907, at 10:50 p. m. by stepping in front of a moving train." This was the verdict brought in by the coroner's jury Tuesday evening, and signed by M. H. Holliday, Charles Like and J. W. Rosenbaum. The testimony was of such a nature as to convince the jury that sufficient warning had been given by the ringing of the bell and the blowing of the whistle, and that there was no chance to stop the train after the man stepped on the track.

Is Appointed Chief Marshal.—Eugene A. Crafts, formerly bailiff in the court room of the Scott county court house, has received the appointment of chief deputy to United States marshal for the southern judicial district of Iowa. The appointment was made by Frank D. Clark of Ottumwa, marshal of this district.

The Old Time Stagecoach.

In 1702 there were, strange as it seems, only six stagecoaches running in all England, and of course these were the only public vehicles for travelers. Even these were a novelty, and a person named John Crosset thought they were such a dangerous innovation that he wrote a pamphlet against them. "These coaches," he wrote, "make gentlemen come to London upon every small occasion, which otherwise they would not do except upon urgent necessity. Nay, the convenience of the passage makes their wives come often up, who rather than come such long journeys on horseback would stay at home. Then when they come to town they must be in the wade, get fine clothes, go to plays and treats and by these means get such a habit of idleness and love of pleasure that they are uneasy after."

The Chameleon Goshawk.

I know no bird which passes through so many changes of plumage and color of eyes as the goshawk. A young one which I have mounted is about the size of a small hen and is covered with white down. His eyes are pale blue. I colored the eyes exactly from life. When fully grown, the first plumage is dark brown above and the eyes are pale yellow. No one would be likely to suspect this being a goshawk who had seen only adult birds. Later it changes to the dark slaty blue of the adult, and the eye, after passing through all the intermediate changes in color from straw yellow, orange yellow and pink, finally assumes the deep rich red of the adult. I know no other hawk, adds Manly Hardy, writing in Forest and Stream, so handsome as the goshawk.

The Letter G.

The letter G furnishes us a curious bit of orientalism. Its Hebrew name is gimel, camel, from the resemblance of the Hebrew character to the head and neck of that animal. The character was thus almost certainly derived from a picture of that animal, which, reduced to a hieroglyphic and then simplified, still distinctly indicates the shape of the head and neck of the beast of burden familiar to every dweller in eastern lands.

Remedy for Diarrhoea—Never Known to Fail.

"I want to say a few words for Chamberlain's colic, cholera and diarrhoea remedy. I have used this preparation in my family for the past five years, and have recommended it to a number of people in York county, and have never known it to fail to effect a cure in any instance. I feel that I cannot say too much for the best remedy of the kind in the world."—S. Jemison, Spring Grove, York county, Pa. This remedy is for sale by all druggists.

The bride is a daughter of Mrs. Eva Engblom, 1331 Twelfth avenue, and was formerly a teacher in the Garfield school. Of late she has taught at Calumet, and it was there that she met the groom and the romance which culminated yesterday was begun. There were no festivities attendant upon the wedding and the young people departed for their home.

Is Mordhorst Insane?—Newspaper clippings received here from Berlin tell of the eccentricities of Henry Mordhorst, former Williams, White & Co. employee, in the German capital. Mordhorst's religious fervor and peculiarities are well known here, but in Berlin it was an innovation and started people. The newspaper reports received here say that while Mordhorst was attending services in the great Protestant cathedral in Berlin, he broke loose with prayer and exhortation, to the horror of the worshippers and clergy, who are unaccustomed to such participation by the people in pews. Mordhorst was promptly taken in charge by the sexton and others and turned over to the police. Berlin papers got excited over the incident and spoke of Mordhorst as the "queer American." One of the men to whom Mordhorst had presented a letter of introduction, visited him at police headquarters, and later interviewed the American consul general, who promised to interest himself in the case. This friend also wrote to Mordhorst's twine friends the same day, so that the results of the American consul's intervention are not yet known. Mordhorst departed for Germany six weeks ago, taking letters of introduction to several prominent people in Germany from friends here.

Tax Levy High.—Moline's school tax levy for next year exceeds any previous levy by several thousand dollars. The finance committee of the board of education made its report on the levy Tuesday evening at the regular meeting, and it is \$125,000. Of this amount \$115,000 will be used exclusively for school purposes, but the \$10,000 will be placed in a building fund. This extra amount is levied so in case the board should decide to erect any other buildings it will have some money on hand. The high school is crowded and at any time an addition may be made. The report was adopted and the levy authorized.

William Rosemond, a veteran of the civil war, one of the early settlers of this county and a well known and highly respected citizen of the upper end of the county, entered into his rest Tuesday evening. Mr. Rosemond was seized with an attack of blood poisoning and had been removed to the Moline public hospital. He failed to find relief, however, and answered death's call at that institution. He was born March 4, 1829, and had been a resident of Carbon Cliff for the past 30 years. During the rebellion he enlisted in Company E of the 18th regiment of Iowa. Deceased leaves four sons and two daughters. They are Charles, Louis, and Dannie of Carbon Cliff, Bert of
